

HUR SmartTouch Cardio

Connected equipment that adapts to you

HUR
FOR LIFELONG STRENGTH

HUR SmartTouch™ compatible cardio equipment

Our Cardio offering is a part of the **HUR SmartTouch™** ecosystem, together with our Balance & Cognition and Strength solutions.

All cardio equipment is fully compatible with **HUR SmartTouch™** system. The equipment automatically connects to user profiles, tracks progress, and syncs workout data across multiple devices.

Engaging and individualized workouts

Quick Start

Jump straight into exercising with complete control of resistance and duration—perfect for flexible, spontaneous sessions.

Programs

Choose from preset workouts such as Hill, Ramp, HIIT, and Weight Loss, designed to keep every session effective and engaging.

Targets

Set individual goals for time, distance, calories, or heart rate, helping users stay motivated and track progress every step of the way.

Workouts
connected with
SmartTouch™
technology

Programs

Preset cardio programs—Hill, Ramp, HIIT, Weight Loss—offer users effective exercise options. Clear guidance and real-time feedback keep members engaged and confident, while automatic intensity control ensures every exercise session is purposeful.

Progress is tracked across all **SmartTouch™** devices, creating a connected, individualized experience for every user.

Hill

Conquer the Climb

Challenge your endurance with dynamic resistance that simulates real hills.

Ramp

Rise with Control

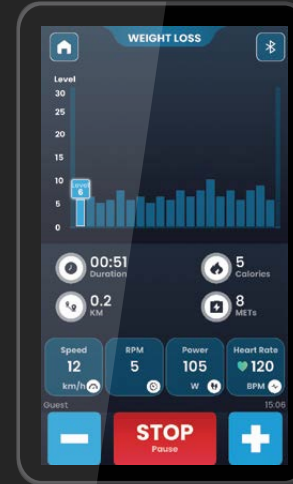

Step up your exercise progressively, for a balanced, rewarding challenge.

HIIT

Push Your Limits

Alternate between high-intensity and recovery to achieve a challenging exercise time efficiently.

Weight Loss

Maintain Optimal Intensity

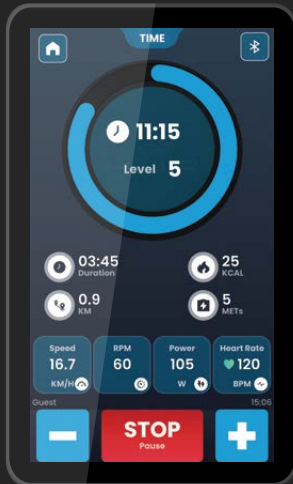

Build endurance and burn calories safely with a pre-set resistance curve designed to keep you in the fat-burning zone.

Targets

Users can customize their exercise experience with measurable targets: Time, Distance, Calories or Heart Rate. Real-time feedback keeps them engaged, while automatic progress tracking, synced across all **SmartTouch™** devices, ensures every session is clear, data-driven, and motivating.

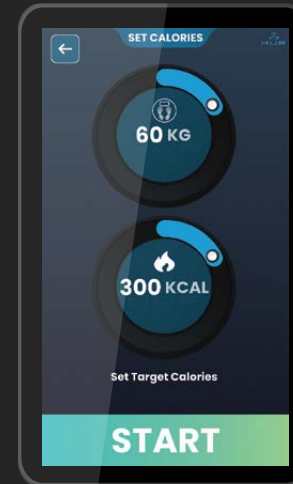

Time

Take Your Time

Set your preferred exercise duration. Consistent sessions will help build lasting endurance.

Calories

Measure the Burn

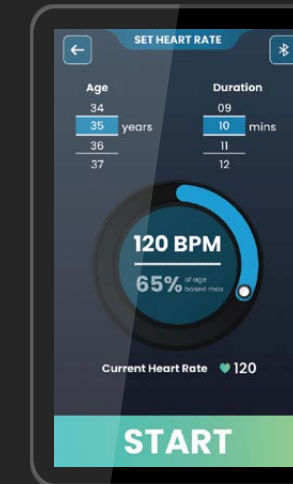

Set your calorie target, work at your own pace, and track results with every session.

Distance

Go Further

Select your target distance and enjoy the journey. Every milestone brings you closer to a stronger version of yourself.

Heart Rate

Stay in the Zone

Exercise within the target heart rate zone of your choosing to achieve the results you desire.

HUR Smart Touch Cardio equipment

All HUR SmartTouch Cardio machines are designed to deliver a premium, user-friendly exercise experience. Each unit supports users up to 181 kg (400 lbs) and features a responsive 15.6" touch screen console that makes navigating workouts intuitive and engaging. Heart rate can be tracked via the contact handles, and the machines also support a wireless strap for even greater accuracy.

All Cardio machines are equipped with integrated transport wheels, making them easy to move and reposition.

STC6300

HUR SmartTouch Upright Bike

A natural riding position makes the Upright Bike ideal for users who want an efficient, low-impact cardio workout that feels familiar and easy to start.

Seat adjustment:	15 vertical settings
Resistance range:	1–30
Device weight:	63 kg 139 lbs
Approx. dimensions (L/W/H):	112 × 61 × 150 cm 44 × 24 × 59 in
SmartTouch connection and updates:	Via Wi-Fi or LAN
Console:	15,6 Touchscreen

STC6200

HUR SmartTouch Recumbent Bike

With a supportive seat, the Recumbent Bike offers a comfortable, accessible workout for users seeking joint-friendly exercise with maximum stability.

Seat adjustment:	24 horizontal settings
Resistance range:	1–30
Device weight:	75 kg 165 lbs
Approx. dimensions (L/W/H):	165 × 76 × 137 cm 65 × 30 × 54 in
SmartTouch connection and updates:	Via Wi-Fi or LAN
Console:	15,6 Touchscreen

STC6900

HUR SmartTouch Elliptical

The Elliptical provides a full-body, low-impact workout that helps users build endurance while protecting their knees, hips, and lower back.

Drive system:	Core drive
Resistance range:	1–30
Device weight:	152 kg 336 lbs
Approx. dimensions (L/W/H):	188 × 81 × 163 cm 74 × 32 × 64 in
SmartTouch connection and updates:	Via Wi-Fi or LAN
Console:	15,6 Touchscreen

STC6700

HUR SmartTouch Treadmill

Featuring a maintenance-free deck and belt, plus smart user presence detection and safety clip, the Treadmill delivers safe walking or running for users of all levels.

Incline motor thrust and max incline:	5338 N 1200 lbs 15%
Speed range:	0.3–20 km/h
Running surface:	152 x 53 cm 60 x 25 in
Safety:	Safety clip and presence detection
Device weight:	164 kg 362 lbs
Approx. dimensions (L/W/H):	201 × 83 × 152 cm 79 × 33 × 60 in
SmartTouch connection and updates:	Via Wi-Fi or LAN
Console:	15,6 Touchscreen

STC6500

HUR SmartTouch Recumbent Elliptical

Combining seated comfort with a fluid elliptical motion, the Recumbent Elliptical is perfect for users who want gentle, highly supported movement without sacrificing cardio benefits.

Drive system:	20 positions for seat height and adjustable backrest recline
Resistance range:	1–30
Device weight:	139 kg 307 lbs
Approx. dimensions (L/W/H):	182 × 88 × 142 cm 72 × 35 × 56 in
SmartTouch connection and updates:	Via Wi-Fi or LAN
Console:	15,6 Touchscreen
